*H. H.  
Nicholson*

Here is our new principal, Mr. Nicholson. He is known as "Nick" by most students. He has brought many good changes to Center Line this year. People don't see as much of him this year as last year. As the principal, he has a greater responsibility. He tries to keep the students, faculty, and the administration happy as well as the community. Thank you Mr. Nicholson for just being a great principal!

## *J. Jerzylo*

Mr. Jerzylo. That name means many things to students of this school. Different feelings are stirred up when they hear it. He is trying his utmost to continue where Mr. Nicholson left off last year. He is now our new detention giver and head hall monitor. He made his position known to us early in the year.

His smile is a well-known subject around Center Line. It's a familiar sight to all students. Mr. Jerzylo, a former biology teacher, took his position as Assistant Principal at short notice early in September. He is not a man to fool around with and is certainly a well-organized individual. Welcome to your new position, Mr. Jerzylo, and good luck!

## Office Staff

TOP LEFT: Mrs. Tocco helps out in the office by doing different chores. TOP RIGHT: Mrs. DeFour: A smiling face and helping hand. BELOW: Mrs. Mataychuk keeps a tight ship at the book store. BOTTOM RIGHT: Mrs. Overbough always willing to help wandering students.

*ABOVE: Mrs. Kaiser: Attendance warden. RIGHT: Mrs. Brown cheerfully goes about her job. BELOW: Mrs. Springborn delivers the mail rain or shine.*

*Board of Education Members: ROW ONE: S. Lachowski, Treasurer, Eurie Bruce, Secretary, J. Orris, Vice-President, and Carl Schoensee, President. ROW TWO: William F. Young, Superintendent of Schools, Roger Diegal, Trustee, Patsy Gentry, Trustee, and Donald Mc Coy, Trustee.*

Mr. Yerman

## *Counselors*

Our counselors here at Center Line are always working hard to keep the students and the faculty happy. They are always around if you need a schedule change, need to talk about your future, or just to have someone to talk to. Our counselors are always on hand, and that's one thing we thank them for. There are a lot of students who wouldn't be where they are if it weren't for these three helpful people.

Mrs. Kamin

Mr. Chmelko is the Athletic Director of our school. He is very important to the Sports Department. He schedules all the games for Center Line (besides Busch and Wolfe). The schedule consists of Football, Track, Swimming, Basketball, Wrestling, Baseball, and Tennis. He hires the coaches, referees, and ticket sellers. He meets with the other Athletic Directors for the betterment of the schools. Plus he handles all the business transactions. So you can see how busy an Athletic Director is. Without this great man, our Sports Department could not survive.

Mr. Stawski

*ABOVE: Everything's better with Blue Bonnet on it, ABOVE RIGHT: Mrs. Karas puts a little muscle into her job, BELOW: Our smiling cashier, Mrs. Madajczyk.*

## *Cooks and Staff*

Even with all the jokes and jingles made about the school lunches, deep down inside the students really appreciate the time, hard work, and effort the cooks put forth. They start in the morning and they work all 3 lunches. After lunch they spend hours cleaning up. Let's give the cooks some credit for giving us a well balanced meal at the going rate of only 55¢.

## *Faculty*

Our teachers have put in many hours of hard work to help their students fulfill their education. One of the great things about our teachers is their extreme interest and participation in the many school activities. The teachers are what make the class.

No matter how disinterested a student is in a class, it is up to the teacher to help the student get the most out of that class. We feel our teachers have the qualities it takes to make the most of our classes.

## English

To most of the students English may seem one of the most boring classes that is required in the school. Little do they realize that learning your language is one of the most important things that they will need in the future. Learning to speak it well, almost perfectly, is important since it will be used every day in your life. The English classes here do not only teach us how to speak it, but also to interpret short stories and novels. Besides Sophomore English each student has one more year of English. To make it interesting a variety of subjects are taught. Just some of them are Shakespeare, Journalism, Mythology, Yearbook and many more.

*Mrs. Guaresimo checks papers: an important part of teaching.*

*LEFT: Miss Slotnik, one of our favorite teachers, hits on a touchy subject. ABOVE: Karen seems to be really interested in English.*

## Human Feelings

We are proud, this year, to welcome a fine new addition to our school, Human Feelings. This magazine is composed of some of the work of our students, and includes poems and short stories. Human Feelings is truly worth reading, and very moving. We hope to see Mrs. DeFord and Mr. Kolar continue with the publishing of Human Feelings next year.

*Human Feelings Staff: Mrs. DeFord, Randy Kile, Jon Dykzeul, Ursula Slawinski, Jeff Stinnett, Tom Klug and Mr. Kolar.*

Mr. Kring, Mr. Fortin, Mr. Hipwell, Mr. Agrusso, Mr. Vretta, Mr. Levick, Mrs. Thompson, Mr. Chinni, and Mr. Charles.

## America, Past and Present

We have four new teachers this year, Mrs. Thompson, Mr. Fortin, Mr. Levick, and Mr. Agrusso. These teachers along with our veterans, help bring alive the concept of our great American Heritage, and Democratic Government. Although these classes are required, the teachers try their hardest to make the classes interesting and enjoyable.

# Health Occupations

To give students a view of what the medical field expects of the graduate today and tomorrow, is what Health Occupations is all about. It gives the students insight on medical practices and technical procedures of today's modern medicine. The students learn to develop diagnostic procedures, and best of all they get to practice on one another.

*Dr. Parker examines patient, Kathy Haugh. LEFT: The man in charge, Mr. Maciak.*

## Science Department

As always science is a very important class. There are many fields of science in which one can go into. Our school offers a few of the subjects needed to go into these fields. Our Science Department is well equipped for the courses available, and of course our teachers are doing a great job. It seems we can never say how much we appreciate the teachers on the job. Science is not only interesting but informing.

# *Business Department*

*Mr. Wibbleman appears to be stressing a point to a group of uneducated sophomores.*

*Mrs. Daignault hopes her students enjoy her class as much as she does.*

One of the main areas of education here at Center Line is the Business Department. The students who take these classes can expect to learn many things about the world of business. Whether you want to be a secretary, accountant, stenographer, etc., you can be sure there is a course available to get you started on a successful career.

*Business Department Teachers: ROW ONE: Mrs. Daignault, Mr. Szambelan, Mr. Wibbleman, Mr. Katenin, Mr. Citran. ROW TWO: Miss Schott, Mrs. Lakotish, Mr. Follbaum, Mr. Napolitan, Mr. Duvall, Mr. Kraus.*

*And on his farm he had a horse, Ee-I, Ee-I, O!*

*It's fun to bake with my Easy Bake Oven!*

## *Home Economics*

Home Economics is a very important class. It gives the girls an idea of the opportunities in the areas of a housewife, interior decorator, seamstress, cook, nursery school teacher, or as a worker in a day care center. Miss Ludwig and Mrs. Gripton are responsible for the success and wide range of classes. Keep up the good work.

*Judy Homemaker.*

*Teddy bear, teddy bear, let me down . . .*

*ABOVE: Mary Manos inspects her sewing work. RIGHT: Child Development, Nursery School, Interior Design, and Consumers Ed. teacher, Miss Ludwig.*

# Graphics Department

The Graphics Department is a very important factor of our school. They are responsible for printing our school newspaper, the Free Wood. They are also the men who get the tickets printed professional style for our school functions. A lot of people tend to forget these guys way down in the corner of the school, but they exist and we're glad.

*Rick Schultz keeps busy by cleaning his machine.*

*The Boss of the Graphics Dept. is Mr. Jacob, otherwise known as L.J.*

*Mr. Gilbert gets caught off guard in the welding shop.*

# Drafting

Hard work, patience, knowledge of what you are doing, and a steady hand are what make up a good C.L. draftsman.

It takes many years and many drawings to learn all of the techniques and secrets that give you a perfect drawing. It takes the fine drafting teachers we have to find the most minute mistakes and to separate perfect drawings from the ones that have to be corrected.

*ABOVE: Paul Petrykowski looks closely to check the efficiency of his work.  
BELOW: Mark Pokoyoway is careful not to make one little mistake.*

## Art

In this class students have a chance to express themselves in their work. Classes range from Art II to sculpture, to Ceramics. Students learn to work with such medias as ink, charcoal, water color, oils, wood, pottery and others. Mrs. Twells (Left) and Miss Bergevin (Bottom Right) help bring out the hidden talent of the students.

# Stagecraft and Lighting

This class is probably the only reason the Drama Club is able to put on their various plays. The students work hard and put time and effort into building the sets, fixing the lighting, and at the same time know which lights should be on and which ones are on. Without these students, there would be no way that the actors could practice for the play and build the sets at the same time. In addition, they also help Mr. Cross in the moving of the sets in between scenes and moving them to and from school during the spring show. I'm sure that Mr. Cross, who teaches the class, is very proud of the work that they do during the one hour a day they have to work. If you have ever seen one of the sets they have built, you can tell that it is sturdy as a brick wall and will never collapse.

# Phys Ed

Girls Physical Education classes are very important, especially during the winter months when you tend to lay around all day. You can go swimming in a nice warm pool while outside the Elementary kids are ice skating. The teachers always seem to get in the act, too. This makes it more enjoyable and easier to learn for the students.

*ABOVE: Mrs. Buckbee and Prep Teacher Paul Wojno. BELOW: Student Teacher Mr. Spear lends an ear.*

The Special Education class is taught by Mrs. Buckbee. Mr. Spear helped out the first part of the year, and was a big help to Mrs. Buckbee. Every morning, without fail, the students can be found in the cafeteria selling goodies to the student body. These students are among the most active students in the school. They participate in many programs, parties, and fund raising activities.

## *The Art of Language*

Learning how to speak a foreign language is one of the hardest things for a student to learn. Taking books home every night, studying, and memorizing are just part of it. Being able to speak it fluently, knowing which form, and sentence structure, are what the teacher tries to get across during the ever short hour.

*ABOVE: Listening to an actual conversation on tape in another language is an important part of learning it. LEFT: Miss Zajac leads the class in an oral discussion. BELOW: This machine not only plays tapes but lets the teacher listen in on what each student is saying and if it's right.*

# Auto Mechanics

Auto Mechanics is a class that teaches future mechanics the workings of the automobile. It also teaches the students, who do not want a career in mechanics, the fundamentals so that he can fix his own car without bringing it into a shop and getting a big bill.

Mr. Pezote not only makes the class fun, but you can learn a lot about cars in the process. The students learn how to tune-up a car, adjust brakes, replace defective and broken pas, and even how to put on exhaust systems.

*ABOVE: Auto II students hard at work. RIGHT: The last car wasn't as hard as this one!*

# Prep Teachers

Mr. Follbaum is the man in charge of C.L.'s Future Teachers. These students are able to get first hand experience of what it's like to be a teacher. The students teach at most of the elementary and junior highs in the C.L. school district. The students take an hour each day to go to their assigned schools to teach. Through this set-up the children are able to get individual help while the prep teacher is also learning.

We really don't think anybody realizes how hard the Yearbook Staff works. When you get your yearbook, the first thing you do is look to see if your name is misspelled. The staff members work their hardest every 6th hour in what seems like a very relaxed class. The Yearbook requires a lot of after school work, too. We are responsible for getting the pictures taken, arranging them, deciding if they should be enlarged and writing all the cutlines. It is impossible for us to know all the students in the school, but we do try our hardest. The staff deserves a lot of credit and they are definitely appreciated. The work they do may be thankless, but it is forever remembered in print.

*Everyone takes suggestions for improvement.*

# *FREEWOOD,*

This year's Free Wood staff reached great heights in journalistic achievement. Led by a star-studded cast, they laughed and danced their way into the hearts of the school children. This year's "Freak Wood" magazine added a new dimension to the paper and abounded in mirth and merriment. All and all it was a good year.

This year we finally made it to the top. That's right! The Center Line Band was invited to play in the J. L. Hudson's Thanksgiving Parade, and play they did, as they marched to the music down Woodward Avenue. Mr. Jacobson, as always, did a fine job preparing the band for the Thanksgiving Parade and all the other marching they did. As Sonny Elliot said, the Center Line Band is really on the ball! We can just chalk this up to one of our great bands' accomplishments.

This year's student council seemed to have fresher ideas than ever before. If you happen to notice new banners in the gym, this is the work of a hard working individual. If you ever wonder who is responsible for the Homecoming parade, dance and halftime entertainment, just ask a Student Council member and two hours later you'll know. It seems hard work is often unnoticed or unrewarded. The council is up against obstacles they try to overcome peacefully, but many times this cannot be the way. The members meet once a week and do their best to help better the school. This year the Council has two new sponsors who worked just as hard as any member, they are Mr. Agrusso and Mrs. Gripton. The Council thanks them for their work and help.

# National Honor Society

The Honor Society is different than most clubs in that its members must qualify in various areas and then be selected. Some of these qualifications include such things as Leadership, Scholarship, Service and Character. The teachers play a part in evaluating the students and then the club itself makes the final decisions.

The National Honor Society is a national organization in which Center Line is proud to have a chapter. The club is involved in such school activities as dances, the honors assembly at the end of the year, they've donated money to good causes and they represent students who meet high standards in more than just academics.

The Center Line chapter of the National Honor society tries to encourage students to strive for higher standards academically as well as more involvement in school and community. It is hoped that future members will carry on its traditions and even better the club.

# Aqua Gems

Aqua Gems is another name for the synchronized swimming club at Center Line High School. The club members meet on a weekly basis from September to May with many extra hours of being spent in preparation for their Annual Water Show. In addition to their weekly practices, the club members enjoy getting together for special outings.

# El Club Espanol

The Center Line High Spanish Club gives the Spanish students a chance to broaden their education outside the classroom. It provides a unique learning experience through extra-curricular activities pertaining to the Spanish and Mexican cultures. Past activities have included; viewing Spanish films, attending a Spanish Fiesta, a special celebration of Columbus Day, and of course our annual Christmas Party, which was celebrated this year at the El Sol Restaurant. It gave us a special insight into the Spanish life style. We are now in the process of supporting the cause of the United Farm Workers of America.

# Le Cercle Francais

The French Club is an experience in French culture. This year the French Club opened its membership to all French students. The club members go beyond the classroom into the realm of the French life. With Miss Zajac as their sponsor, they attend cultural activities such as movies, plays, and other events which pertain to the free French life. The members of the club can find themselves in the world of the romantic Parisian people they observe so closely — close enough to learn the language of love, which they hope to use after they leave the American world of Center Line. We cheer our French friends, and admire them in their work. The members think enough of their club to work on a float for the Homecoming Parade. We have many clubs in C.L., but not all of them have such dedicated members as the French Club.

# DECA CO-OP

The most evident achievement of the Deca Club can be seen as you walk down E corridor. It's the Annex. It is really getting a big name for itself around school. It's bigger and better than last year, and has most of the student needs in stock. The Deca Club also took it upon themselves to put up a Christmas tree for all to enjoy. But these aren't the only things these kids do. Everyday these students go to jobs found for them by the club, to learn how to earn a living.

# New Club Addition

A new club addition to our school this year is the Medical Health Association. Not only is this a club but also a class. The members have class 5th and 6th hour each day under Mr. Maciak. In class the students learn several phases of the medical health occupations. How to take a pulse and perform an electrocardiogram are among the many things they learn. This year the club has sponsored several dances and gone on a few medical related field trips.

# Future Nurses of America

Walking down the halls you may have seen some girls in nurses' uniforms and wondered what they did. Well, those girls are members of Nurses' Co-op. Nurses' co-op is an organization mainly for students who plan on continuing in nursing or some other medical related career. Nurses' co-op is also a fantastic background and an excellent reference when the girls are looking for a job. The students work at all the hospitals in the area, Saratoga, McNamara, Bi-County, South Macomb, etc. The co-op students learn some of the basic skills of nursing. The learning is the real experience and to the surprise of some, it's fun too. They learn everything from changing dressings to delivering a baby in an emergency. They perform "Direct Patient Care" which includes giving patients baths, preparing them for surgery, taking patients to and from surgery, and x-rays. Besides doing their normal duties, the students take some time to cheer up lonely patients and help them pass the long days. These kids give up a lot of their spare time and devote it to the art of healing. They are also required to fulfill their graduating requirements.

# Bogin' Bogarts

Last year a new club was started at our school. Since that time the Bogart Club has tripled in size and importance. You can see the members at games cheering our teams on to victories. The whole idea of school spirit has pretty much gone down the drain and the general apathy that fills this school is a sad thing. These students felt it was a sad enough thing to start a club and revive the age old custom of school spirit. They revived it in their own way, a new way, in which they hoped to interest more students. They succeeded because more students are in the club and if students haven't heard of them something is wrong. The Bogart Club is to be commended for the ability to get a club together which alone is a hard feat.

This year a new teacher, Mr. Levick, decided to re-organize a club which previously had been disbanded. He sparked the interest of many guys into joining the club, which soon became a controversial subject around school. The Varsity Club members sell bagels at basketball games and they also sold candy to raise money. The guys get together every once in a while to talk over current sporting events. Mr. Levick felt this was a worthwhile way to get students who are involved in varsity sports together to promote their involvement with other students in the school. This year the Varsity Club will be responsible for organizing the extra activities that will go on at the conference wrestling meet, which will be held at our school.

This past basketball season of 1973-74 has been one that we shall remember for a long time. As a coach I'm hoping next year's squad will remember especially the four or five heartbreaking losses that cost us dearly in the Conference race.

Our 13-10 record was good enough for a fifth place finish in the Conference, and a chance at the state district finals. Certainly this is nothing to shout about but it is a start in the right direction. The men on this year's squad have proven to me and their critics that dedication and hard work are not things of the past. These men overcame many obstacles along the way to winning 13 games and it's to their credit that this was accomplished.

The nine senior members of the team deserve a great deal of credit. Not only for their performances on the court but also for their leadership and actions off the court. They will be greatly missed next season.

I think a good portion of the credit for the success of our program should also be mentioned here. The cheerleaders, pep band, and all loyal supporters of the Panthers were an inspiration to our whole squad.

Judging by the won-lost record of the Center Line High School swim team one might draw the false conclusion that the swimmer's past season had finished rather poorly, but taking into consideration the all-around improvement of the Panther swimmers and the continual and numerous breaking of school records one might sway their thoughts differently. The swimmer's practices consist of swimming lengths of anywhere from 3000 to 7000 yards a practice (up to 240 lengths). Highlights of this season included the victory over Lincoln in the Dual meet, the several "near misses," the schoolcraft invitational and the conference championships. Coach Rod Charles hopes to have an improved record next year. With the addition of a Junior High team and an age group program, Center Line may soon be a contender in swimming.

# *Girls Swimming : A Race for The Finish*

Under the coaching of Mrs. Wendy Robinson, this year's girls' swim team went into the season with ambition. They went on to win two of their matches against tough opponents. Claire Sciullo was named all conference after a grueling season of practice laps and long hours. The girls all deserve recognition for giving their time to practice and the hard work it takes to make up a swim team.

In the '73-'74 school year, the C.L.H.S. sponsored its first varsity and junior varsity girls' basketball team. They were placed in an established Warren Conference League which consisted of highly competitive teams. The girls played hard but competition proved too great for the first year team. Senior,

Linda Bonk, received honorable mention and Sophomore, Cindy Tomsic, received a conference medal. The C.L. girls played hard and are looking forward to a better year in '74-'75.

## *On Moonlight Bay* *Prom '1973'*

A night at the Roostertail was filled with thoughts of the future and memories of the past for all the couples who enjoyed the music of the Johnny Wallace Five. It was a beautiful night for just being together and the Roostertail Supper Club seemed the perfect place to just enjoy each others company or watch the water. The court members were: King and Queen — Joseph LoPiccolo and Mary Bayas. First runners up were Genene Torres and Charles Sciallo. Second runners up were Danielle Kargula and Mike Stankovich. Third runners up were Bob Alexander and Debbie Scarlet. The prom was a great success and many couples showed up to make it a perfect night.

# *T'was the Day of the Homecoming*

*T'was the day of the homecoming and all through the school,  
Not a Junior was awake in the classes or pool.*

*The pom-poms were hung on the chicken wire with care,  
In hopes that Mr. Nick would give us our share.*

*The "Panther Express" looked the best it was said,  
While visions of first prize danced in our heads.*

*The minutes like hours, the hours like days,  
It seemed like forever in so many ways.*

*Then out on Lawrence there arose such a clatter,  
I ran to the street to see what was the matter.*

*I heard a loud siren and watched the crowd grow,  
And the "Panther Express" looked ready to roll.*

*The sun was just setting beyond our caboose,  
And when the crowd saw it they really let loose!*

*When what to their wondering eyes should appear?  
But the most enormous panther from tail to ear.*

*He was black as the night, crushing jaws of steel,  
And a Mott Marauder was a tasty meal.*

*He threw his tail from side to side,  
And raced down the field, mouth open wide.*

*The team was outstanding and playing their best,  
And no rain had yet fallen, for that we felt blessed.*

*The judges were ready, decisions were made,  
And the nervous panther recalled the parade.*

*The people just loved him, they smiled as they stared,  
That's when he knew the crowd really cared.*

*The announcer has spoken, in sadness we sat,  
Imagine our panther had lost to a rat!*

*He's still a winner to the class of seventy-five,  
And we know next year we'll win if we strive.*

*The panther ran sideways, up, down, and across,  
And at homecoming game, made "Mott Applesauce".*

I wish your locker were next to mine,  
Stuffed with books, creased and torn, old book covers,  
Crumpled papers, and the New York Times.  
In the morning I would watch you push  
Your heavy coat into the narrow slot  
To hang above the black cinders and  
Dead Kleenex that lie upon the floor.  
And when school is over, then I could catch  
Your scarf, your gloves, and the paperbacks  
That fall out when you open the door.

Today we rise, tonight we rest  
 Morning sun, morning gloom  
 Evening air, full of fun  
 Makes me want today to last  
 . . . Forever  
 Suddenly tomorrow comes  
 Bells stop ringing . . . it's the end.

The only way feasible to begin saying a few words for my class is to hope everyone sits down and really reads this someday. If not, this will just pass as words on paper, just as three years of high school passes as records in a file. It is up to the individuals involved to remember those years and find the right words as they see fit.

I can remember my class as sophomores, literally taking the halls by storm with the conglomeration of personalities residing in them. It's hard to believe as I look at those same faces that there were outsiders who envied our class and wanted to be a part of it. We had the restlessness of youth that encouraged us to be a part of the world. What makes a student disillusioned? I think we all have our own answer to that question.

No one person can force an action or opinion on you. Your mind is your own. Now we are set free of the realms of school into a world we are not prepared for. Let's hope the world isn't prepared for us. Let's hope we can hit the world with the same storm we hit the school with three years ago. Otherwise we just become faces on the alumni pictures.

If we choose to remember anything at all about the times and faces of the past, let's choose to remember good times. Then the past won't seem a bleak cloud that we're glad we passed through. It's a cloud we never pass through again. We can't relive it and we might not want to try.

We can make ourselves different from other graduating classes or we can be the same. Much of the dreaded and scoffed at responsibilities of adulthood are upon us. Don't let the people you pass here be forgotten or you lose what they may have wanted to share with you.

So this chapter of our lives draws to a close. I do not know how each graduating senior feels about this. I can only hope we meet again, and again take the world by storm.

Timothy P. Haugh  
Senior Class President

## *Roads . . .*

## *Leading On*

I have walked many miles down  
roads of hardened clay.  
Through many rains I have sought  
the end of my road.  
I have stopped to watch the  
children hard at play.  
They somehow eased the burden of  
my heavy load.  
Little do they realize, but  
soon they will see,  
They carry growing burdens, and  
walk the roads like me.  
To map the roads of which I speak,  
Would tell the story of my life.  
The burden comes from growing up  
With all its stress and strife.  
If only I could tell them  
What lies on down their road.  
But I have not come to my end yet,  
So that tale I cannot unfold.

Good Luck Class of '74!  
May you always get what your strive for.

They tell you your pattern  
Was cut before your birth  
And you've got to run  
Your fingers along  
A pin-prickly world  
To find the edges,  
But it ain't necessarily so  
You're your own tailor, man  
Cut yourself out, now!

## *I WISH*

*The room is neat, without a sound  
And lonely as I look around,  
Remember yet another day  
You wanted me to stop and play.*

*But I was busy, with things to do,  
I didn't have much time for you,  
Or the verse you wanted me to hear  
And my reply was: "Later, dear."*

*My days were full of busy tasks,  
No time for questions that you asked,  
You wanted to share the things you'd learned,  
But when you looked, my back was turned.*

*The years rushed by, I wish I'd known  
That you would be so quickly grown.  
No longer holding out to me  
The need I was too rushed to see.*

*And now the toys are put away,  
We've no more songs or games to play,  
No good night kisses or stories to hear,  
That's all part of another year.*

*I wish I could go back again,  
Relive those years as they might have been;  
And the little things you asked me to do:  
I wish I'd made more time for you.*

*Marie Hayes*

# *So the Sand All Runs Out of the Hourglass*

It is a tradition that the last page of the yearbook belongs to the editor. On this page we sum up the year, thank everyone, and say good-bye to the school which has harbored us for three years. I suppose I am no different than any other editor but that doesn't stop any of us from feeling we are different or special. This is a feeling all of us should have about ourselves.

High School is the final required preparation for life. I hope everyone who attended Center Line tried to get as much out of it as was possible. But with the recent spread of apathy school seems to mean less to its students every year. We may not realize it but each of us will remember and think about school in our own way in the future. This then is the purpose of a yearbook. Through its pages school, for whatever it's worth to you, does not cease because of apathy.

The faces of friends, classmates, acquaintances, and teachers are easily forgotten. We don't dwell on the fact that we depend on school for many things.

We don't like to admit this. School is the social ground of the most important years of our lives. People we meet there, we will never meet again.

On behalf of my staff I thank Shirley Moseley, Jack Lewis and Roger at Bill Williams Studio. I thank Modern Yearbook for their cooperation throughout the years. Special thanks to Mr. "Oz" Grobbel for being the greatest guy in the school. I hope everyone learns to realize this. Lastly I thank my staff who probably will not be appreciated by anyone as much as I appreciate them.

It is my sincerest wish personally that all of us could become mature enough to realize not everyone in life was handing us a line. But if we could still remember and retain some of our youth we would see the world through open eyes. If we think about why people really are the way they are instead of that they just are, we might meet a new person every day.

Pat,  
What would  
Biology be without you?  
It would be a real  
bummer and a lot of  
tummy grades!  
Best of Luck  
Michelle

Buena  
suerte,  
Patti, en  
todo que  
emprendas,  
para siempre,  
Srta. Smith

Pat,  
I don't know  
what I would  
have done without  
you and your calculator.  
Thanks a lot and keep  
up with El español!  
Adios  
(su amiga)

Pat,  
To a wonderful  
piano player and a  
real wonderful girl.  
R.M.A. girl.  
P.S. Good Luck Always  
Chris Long

Pat,  
Hope you have had a  
great year and many  
more to come. Be sweet  
and have a great summer.  
So as we have always have  
said that all of us should  
get together - sometime! ???  
A MA  
Robin

Pat,  
Thank you for letting me  
copy your book on Spanish  
Miss Sullivan

Pat,  
your a  
fantastic person and  
never stop every day but  
different things you wear  
one thing smile, you and when it does your "smile"  
happy smile, you and when it does your "smile"  
will take you for and when it does your "smile"  
Happy smile, you and when it does your "smile"  
will take you for and when it does your "smile"
